

MEGA MACS 66

Product specification

- ✓ A state-of-the-art diagnostic solution
- ✓ Access to an unrivalled array of real-time technical data
- ✓ Setting new standards in speed and accuracy of diagnosis

USER-FRIENDLY MOBILE DIAGNOSTIC SOLUTIONS FOR RELIABLE FAULT FINDING

Developed in partnership with Gutmann Messtechnik – the world's most respected name in automotive diagnostics technology – the mega macs 66 is the result of over thirty years of specialist expertise in the field. Featuring advanced technology and unrivalled ease of use, HELLA GUTMANN SOLUTIONS is the only diagnostics brand recommended by Germany's ADAC – Europe's largest automobile club, with over 17 million members.

PUTTING REAL-TIME SOLUTIONS AT YOUR FINGERTIPS

Centred around a large, full colour touch screen, the mega macs 66 is the ideal diagnostic and fault finding tool for automotive professionals. With an intuitive user interface, the mega macs 66 places interactive circuit diagrams, recommended procedures and error solutions directly on the screen – as well as offering unrivalled standards of accuracy when taking measurements.

ALWAYS UP TO DATE

Reflecting the fast moving world of automotive technology, the mega macs 66 receives real-time technical updates from HELLA HGS Data – allowing you to address even the most complex diagnosis and repair challenges with complete confidence.

PROBLEM SOLVING, TIME SAVING

As a tool setting new standards in the field of diagnostics, the mega macs 66 includes several specialist features for faster, more accurate fault-finding and repair.

The mega macs 66 also features access to Repair Plus* – a powerful system that uses fault codes to provide vehicle specific repair solutions. This service provides instant access to a wealth of vehicle data, repair instructions and expert technical advice.

To save you time and help minimise duplicate ordering, the mega macs 66 can also be linked to a spare parts catalogue to streamline your parts and accessories ordering process.

Vehicle specific leads optional

mega macs 66 and expandable hardware module
